## 16 DIFFERENT EQUIPPING SEMINARS INCLUDING:

**Family Devotions That Blow Up the Box**  
— *Tim Shoemaker*

We have a responsibility to teach our kids about God and the principles he's given us to live by, but how do we do it in a way where kids listen—even teens. Tim will demo and teach you how to do at least 8-10 object lessons (blow up egg in the microwave, electrocute a pickle, convert a leaf blower to do something way more fun) that will teach spiritual truth in ways your kids will never forget. They're easy, powerful, and fun.

**Fear Can Hold You Prisoner—  
Hope Can Set You Free**  
— *John Richard Collier*

What is the cost of freedom? Taking the journey through our greatest pain and suffering can have the power to release us from the fear that has been holding us back all of our lives. Former decorated State Trooper and bodyguard for the Governor of Indiana, turned prisoner, turned author and minister, shares the journey that led him to face his greatest fears, and ultimately find freedom and happiness. Learn how to face your greatest fears and and live with freedom.

**Are You A Super Man?  
Becoming God's Man of Steel**  
— *Steve Etnier*

This workshop will help men understand that as a Christian you already are a Super Man of God. So, what does a Super Man of God look like? Where does his strength come from? What is his Kryptonite—how do I identify it and stay away from it? How does a Super Man of God fight the archenemy of his soul?
